NHS FEES

- **Emergency dental treatment – £25.80** This covers emergency care in a primary care NHS dental practice such as pain relief or a temporary filling.
- **Band 1 course of treatment – £25.80** This covers an examination, diagnosis (including X-rays), advice on how to prevent future problems, a scale and polish if clinically needed, and preventative care such as the application of fluoride varnish or fissure sealant if appropriate.
- **Band 2 course of treatment – £70.70** This covers everything listed in Band 1 above, plus any further treatment such as fillings, root canal work or removal of teeth but not more complex items covered by Band 3.
- **Band 3 course of treatment – £306.80** This covers everything listed in Bands 1 and 2 above, plus crowns, dentures, bridges and other laboratory work.

For information about help with dental charges, including how to claim a refund, see [help with health costs](#) on the NHS website.
