## Dental Care Plans

Home / Dental Care Plans

### Dental Care Plans

With regular care, monitoring, hygiene care and advice, dental disease can be prevented.

Dental care plans allow patients to spread the costs of their maintenance via a monthly payment. We are partnered with Denplan which is a well known dental plan provider. Joining a dental plan has lots of benefits saving you money over the long term and ensuring your oral health is maintained, with a focus on prevention. You can also opt to have additional dental insurance cover for emergencies if you are abroad, or have a dental trauma.

#### DENPLAN ESSENTIALS

Patients can sign up to Denplan Essentials straight away following a new patient examination to start receiving the benefits. You do not need to be "dentally fit" before joining.

£20.40/month - 2 exams, 2 hygienist visits, x-rays, 15% discount off all routine dental treatments.

Please see our **Payment Policy** for further information on our payment process.

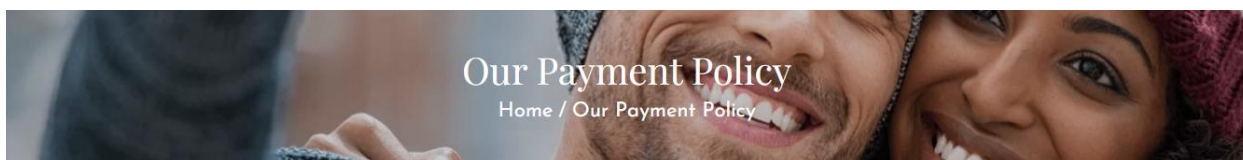

## Emergency Fees

[Home](#) / [Emergency Fees](#)

### EMERGENCY

Assessment (Registered Patients)	£60.00
Assessment (Non Registered Patients)	£60.00
Emergency Nerve Treatment	£100.00
Temporary Filling	£30.00
Out of Hours Call Out	£250.00

## Our Payment Policy

[Home](#) / [Our Payment Policy](#)

It is our practice policy to give patients full information about the cost of their dental work before any further treatment is carried out. This may be in the form of a written/printed treatment plan which we will ask you to sign, or via email.

Patients can pay for their treatment on a "pay as you go" basis, or join the **Denplan Essentials** payment scheme. Leaflets and further details are available from reception.

We will often request payment towards your appointment or treatment in order to secure the booking. The only time we would not do this is for routine examinations/emergency appointments for registered patients.

An amount will be deducted from your deposit if you miss your appointment or cancel at short notice (with less than 48 hours notice). Please see our late cancellation and DNA policy.

## Private treatment

For routine check-ups/non routine appointments such as lost filling/crown, payment is taken on the day of the appointment.

For private treatment such as fillings, extractions etc, we will request 50% of the fee at the time of booking to secure the treatment appointment, and the balance on the day the treatment is carried out.

For treatment involving a laboratory (crowns/bridges/dentures), one third of the fee will be taken at the time of booking to secure the first stage appointment, one third on the day of the first stage, and the balance on the following appointment.

For hygienist appointments 50% is taken at the time of booking. The remainder is charged through when the treatment is completed. If a follow up appointment is booked then the deposit is taken again.

The deposits are taken to secure your appointments. We would keep this deposit should you fail to attend the appointment OR late cancel (cancel within 48 hours of your appointment).

## Credit

Payment for treatment MUST be received in full by completion of the treatment as we do not hold a credit license.

## Payment methods

We accept payment by cash, cheque or debit/credit card, including American Express, as well direct bank transfer (BACS).
