*** Some extractions maybe complex and need to be referred to a specialist which is not included in Denplan Care. Prices for more complex treatment are not covered under Denplan and will differ from prices above.

****We offer a range of Invisalign treatments, including Express, Lite and Comprehensive. A consultation with your dentist will determine which option is correct for you.

Prices for more complex treatment are not covered under Denplan and will differ from prices above. See below for more details. The fixed monthly sum you pay for Denplan Care not only helps you to budget for your dental care, but also gives you peace-of-mind in the event of a dental injury and dental emergency. Speak to a staff member to see the Denplan literature or visit www.denplan.co.uk Terms and conditions apply.

NHS Fee Guide

What are the NHS Dental charges?

The charge you pay depends on the treatment you need to keep your mouth, teeth and gums healthy. You will only ever be asked to pay one charge for each complete course of treatment, even if you need to visit your dentist more than once to finish it: Band 1, Band 2 or Band 3.

NHS Dental Charges

Band 1 course of treatment – This covers an examination, diagnosis (e.g. X-rays), advice on how to prevent future problems, a scale to remove tartar/ plaque and the application of fluoride varnish. £23.80

Band 2 course of treatment – This covers everything listed in Band 1 above, plus any further treatment such as fillings, root canal work, advanced gum care and if your dentist needs to take out one or more of your teeth £65.20

Band 3 course of treatment – This covers everything listed in Bands 1 and 2 above, plus crowns, dentures or bridges. £282.30
